

Temporary School Entrance/Parking During Construction:

Starting June 7, 2018, the old main entrance will be closed. The temporary entrance will be through the fitness center doors near the intersection of Owano and Minola Streets. Also, Owano Street will be blocked off to traffic, intermittently.

There is very limited parking available on Arcola St. (behind the school). If space is available, please only use this area for brief periods of parking. Continue to use parking lots A and B, as indicated on map, and walk to fitness center entrance.

Access will continue to change throughout summer, and updates will be provided accordingly.
